Within this agreement MLC Labradors will be referred to as the seller and the person buying the puppy/dog will be referred to as the purchaser or buyer. Any references to the puppy/dog is interchangeable for either a puppy or a full grown dog. The seller expects that this puppy be part of the family and treated as such.

72 Hour Requirement:

Puppy must be examined by a licensed DVM within 72 hours of receiving the puppy. If an exam is not completed by a licensed DVM within 72 hours this entire contract becomes null and void. Buyer must send proof of the exam being done within 72 hours of receiving the puppy. If puppy pick date falls within 72 hours of a federal holiday then the buyer will receive an additional 24 hours to get be examined by a licensed DVM. Proof must be in the form of a picture of all paperwork from the vet. Paperwork must be on vet letterhead and must include buyer's name, name of puppy, sex, color, and date that the physical exam was completed. Typically all of this information is found on the bill of service.

Seller is not responsible for allergies, immunity levels, mites, pneumonia, mange, heat stroke, ringworm, conjunctivitis, intestinal worms and parasites, fleas, ticks, ear infections, coccidiosis, parvovirus, or giardiasis.

Time and date that exam must be completed by _____

Initial_____

Registration:

Puppy must be registered with the AKC no later than 6 months of age (_____). Seller will only accept the litter record provided to them by AKC as proof of compliance. Buyer is to notify the seller once they have completed the AKC registration. This is to notify the seller of completion. As well as to inform the seller of the AKC name they have chosen for the puppy, for sellers records. Failure by buyer to complete the registration by _____ will result in the entire contract becoming null and void as of _____. We recommend using a unique name, that suits your puppy. The seller also recommends that registration be completed online, rather than by mail.

Medical History:

Buyer agrees to give permission to seller and/or sellers vet of choice to obtain medical records/imagines/results of testing from buyers vet when medically necessary. This will be done only when the genetic health of the dog is in question and with buyers knowledge. In the event that the sellers vet has different findings than buyers vet, the sellers vets findings shall rule.

Genetic Guarantee:

Puppy is guaranteed to never receive an affected result for any genetic disease, in which both sire and dam have been tested for. The sire and dam have both been tested for Centronuclear Myopathy (CNM), Degenerative Myelopathy (DM), Exercise-Induced Collapse (EIC), Hereditary Nasal Parakeratosis (HNPK), Progressive Retinal Atrophy/ Progressive Rod-Cone Degeneration (PRA-PRCD, PRCD), Retinal Dysplasia/Oculoskeletal Dysplasia 1 (RD/OSD), and Skeletal Dysplasia 2 (SD2).

In the event that the puppy receives an affected result from a genetic testing company the puppy must be retested. This will be done at the buyer's expense, through the genetic testing company of the seller's choice. If the second test comes back as unaffected, that test shall rule. If the second test comes back as affected, a replacement puppy will be offered. The puppy will be replaced with a puppy of equal value from a future litter. To receive a replacement puppy the puppy being replaced must have proof of being fixed. When one becomes available and after seller receives documentation of the puppy being fixed. If the replacement puppy is of greater value the buyer is responsible for the difference. If the puppy is not spayed/neutered and the seller does not receive documentation within 12 months no replacement puppy will be given. The seller has 12 months after receiving the documentation of spay/neuter to give a replacement puppy of equal value. The buyer must have the original puppy fixed prior to receiving the replacement puppy. If the original puppy is not fixed within 12 months of diagnosis, no replacement will be given.

Initial _____

Limited Registration:

The puppy is being sold with AKC limited registration. This means the puppy comes with no breeding rights. The puppy is intended to be a pet/companion

only. If the puppy produces any offspring this contract is null and void. We highly recommend having the puppy spayed or neutered after 12 months of age.

Initial _____

Hip and Elbow Guarantee:

Puppy is guaranteed for 12 months from date of birth against genetic/hereditary hip/elbow Dysplasia. Environmental conditions also play a large part in this disease. Puppies should not be participating in training or exercise involving jumping, long distance running ect. Nor shall the puppy be allowed to jump in and out of vehicles, jump on and off beds/couches/chairs ect. Seller is not responsible for environmental Dysplasia. If a licensed, certified vet validates genetic/hereditary Dysplasia and the seller's vet also confirms genetic/hereditary Dysplasia the said puppy will be required to be spayed/neutered at the buyer's expense. Paperwork must be provided to the seller proving the puppy was fixed.

The puppy will be replaced with a puppy of equal value from a future litter. To receive a replacement puppy the puppy being replaced must have proof of being fixed. When one becomes available and after seller receives documentation of the puppy being fixed. If the replacement puppy is of greater value the buyer is responsible for the difference. If the puppy is not spayed/neutered and the seller does not receive documentation within 12 months no replacement puppy will be given. The seller has 12 months after receiving the documentation of spay/neuter to give a replacement puppy of equal value.

If the seller's vet determines the hip/elbow Dysplasia is environmental and not genetic/hereditary no replacement puppy will be given. This guarantee is null and void if the puppy ever produced any offspring.
